COMPONENTS

BUS BAR VALUE-ADD ASSEMBLIES

CUSTOM DESIGNED AND MADE TO FIT YOUR APPLICATION

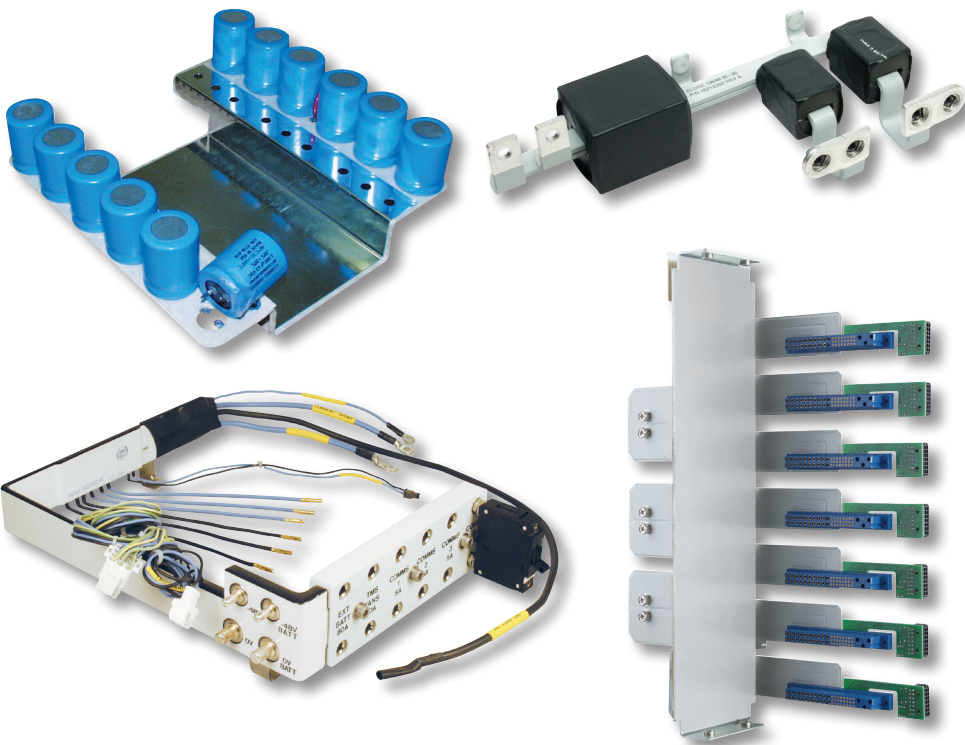

Mersen can elevate a simple bus bar to a Value-Add Bus Bar Assembly. Our goal is to partner with our customers to supply a more complete product. Leaving our facility will be a fully inspected and tested subassembly ready for installation. Let us apply over 60 years of bus bar experience to the challenges of assembling components directly onto a bus bar.

Features:

- Capacitors
- Resistors
- Chokes
- Fuses
- Printed Circuit Boards
- Wires / Connectors
- Enclosures
- And many more...

Benefits:

- Complete & Ready to use Product
- Reduced Inventory
- One source for complete subassemblies
- Fewer Vendors
- Fewer wiring errors
- Reduced Lead Time

Mersen designs and builds prototypes to ensure our customers' performance needs are met.
